

Resume

Ayush Negi

*Web Developer Student With A Passion
For Web Application Development & A
Part Time Stand-up Comedian*

Achievements and Projects

- Build various application such as chat.io in which by creating 2 local host we can create two different host and text them in real time.
- The second project was a blog system in which the blog page was created by setting up node js server using express and various dependencies such as mongodb , passport.io , handlebars etc.
- Mainframe customization of editing a blog by temporary sign up also was there if someone wants to write there own blog.
- Real time weather forecasting web application
- Express setup , React setup, Mongo DB setup and various modules learnt at the end of all these projects.

Online quiz web application using PHP and SQL

- Made an online quiz system for myself in which the user has to register themselves and they can solve certain question , they can check who has ranked first and last , all database is made with sql and user information is stored in that.

Extra Curricular Activity

- National Level Football Player and all time star achiever of football in college also.

- Participated in various seminars of data analytics, cloud computing and ethical hacking and very well aware about the scope and future prospectus in these fields which would be beneficiary for me in the coming future span.
- Part time Stand-up comedian and always up for performing every week after I get off from work.
- Active Member of various College society Group such as Public speaking and Rotract Club
